

February 15-18, 2027, Honolulu, Hawaii

GENERAL CHAIR

Hongyi "Michael" Wu, University of Arizona, USA
Tomohiko Taniguchi, Fujitsu, Japan

TPC CHAIR

Xinwen Fu, UMass Lowell, USA
Panos Nasiopoulos, U. of British Columbia, Canada

TPC CO-CHAIR

Zhen Ling, Southeast University, China
Craig Shue, Worcester Polytechnic Institute, USA

EXECUTIVE CHAIR

Jian Ren, Michigan State University, USA

INVITED TALK CHAIR

Naoaki Yamanaka, Keio University, Japan
Thomas Magedanz, TU Berlin, Germany
Sherry Sun, Worcester Polytechnic Institute, USA

TUTORIAL CHAIR

Eiji Oki, Kyoto University, Japan
Cliff Zou, University of Central Florida, USA

WORKSHOP CHAIR

Dai Jun, Worcester Polytechnic Institute, USA

PUBLICITY CHAIR

Xiangyu Xu, Southeast University, China
Sashank Narain, UMass Lowell, USA

CONFERENCE OPERATION CHAIR

Senad Busovaca, California State University, USA
EK Park, North Carolina Central University, USA

CALL FOR PAPERS

The International Conference on Computing, Networking and Communications (ICNC), sponsored by the Technology Innovation Association, is a premier conference in the AI and computer and communication fields. **ICNC 2027** will be held in **Honolulu, Hawaii, USA, February 15-18, 2027**. We welcome submissions across a broad spectrum of research areas, encompassing both theoretical advancements and systems-oriented studies. Topics of interest include, but are not limited to:

- AI and Machine Learning
- AI and Multimedia
- AI Applications
- AI for Signal Processing
- AI for Wireless Communications
- Communications and Information Security
- Edge Computing, Cloud Computing, and Big Data
- Mobile and Wireless Networking
- Next Generation Networks and Internet Applications
- Next Generation of Mobile Networks (6G and beyond)
- Network Algorithms and Performance Evaluations
- Optical and Grid Networking

Detailed instructions for paper submission can be found at the conference website. Prospective authors should prepare their manuscripts in accordance with the standard IEEE camera-ready format (double column, 10-pt font) as well as the requirement set in EDAS. The maximum length of an ICNC paper without over-length charge is FIVE (5) pages. Authors are allowed to pay for up to TWO (2) additional pages with over length charge. Submitted papers must not have been previously published in or under consideration for publication in another journal or conference. The organizing committee of ICNC 2027 reserves the right not to review papers that either exceed the length limit or have been submitted or published elsewhere. A submission must include a title, an abstract, keywords, authors and affiliations with email address.

All submitted papers will be reviewed by the TPC team and judged on originality, technical correctness, relevance and quality of presentation. An accepted paper must be presented at the conference. Each full registration covers up to two papers by an author. All accepted papers of ICNC (main program and workshops), after being presented onsite at the conference, will be included in the conference proceedings and submitted for inclusion in the IEEE Xplore Digital Library.

IMPORTANT DATES

Paper Submission: August 3, 2026
Acceptance Notification: November 15, 2026
Camera-ready Paper: November 29, 2026
Conference date: February 15-18, 2027
